Dear Borough Council Members,

New Britain Borough has reaped numerous rewards from the police regionalization including cost savings and department efficiencies that were not present in the individual department once serving our community.

Our community is pleased to be a part of a law enforcement organization that has the ability to integrate intelligence, improve crime/clearance rates, police coverage, and training. Our residents now have the benefit of a police department equipped with a Detectives Division for criminal/narcotics investigations and the ability to process forensic evidence.

The residents have expressed confidence and pride in their new police department through continuous positive feedback that we receive through our Borough administrative office and Borough Council meetings.

I encourage you to consider merging as the benefits far outweigh any initial concerns that may be expressed. Please feel free to contact me if you would like to discuss regionalization further.

Sincerely,

David Holewinski
Mayor
